

2022 Application for Assistance – WHS Bring Your Own Laptop Program

The Wellesley High School (WHS) PT SO strongly believes that all students should have access to a laptop computer for the BYOL program at the high school, regardless of economic circumstances. As a result, financial assistance for purchasing a laptop computer, for use by a WHS student, is made available to students who qualify through the centralized and confidential application process through the Business Office.

Each grant for a laptop computer purchase is up to \$500 (this grant covers the cost of the laptop only, not sales tax) and is determined using Federal Poverty Guidelines as described in Table 1 below. This is a one-time grant per student. Families with more than one student in the high school may apply for each student if needed.

Who should apply: Families requiring financial assistance to purchase a laptop computer, who meet income requirements as described in Table 1 below.

How to apply: Complete the Confidential Financial Assistance Application (Wellesley Public Schools) at <https://wellesleypubs.org/students-families/financial-assistance-information/> and see #5 on that page for the Application. On the Application, write “WHS BYOL”, in the Other column.

Please note the documentation requirements on the Application, and submit those with your Application.

Where to apply: The application must be returned to the address below. Email applications will not be accepted.

This acceptance will be via an email from the WPS Business Office. If you are awarded a grant you will need to do the following to receive the granted funds:

2. Provide the Business Office (Attn: Laura Ball) with:
 - a. A copy of your receipt providing proof of purchase of the laptop computer. Please make sure it is clear from the receipt that a laptop computer was purchased, including date, amount and store.
 - b. A name and address of where the grant should be sent.
