

Wellesley Community Children's Center (AFTER SCHOOL PROGRAM)

Times may have changed, but the needs of growing children remain the same.

Our After School Program enriches the educational, recreational, and social experiences of school age children. In a supportive environment where children can learn about themselves through play, we foster imagination, independence, and cooperation through age appropriate activities that reflect the interests of the children. We encourage children to explore the world around them, to challenge themselves, to create and imagine, and to have fun!

WCCC's after school programs accommodate children who attend all Wellesley Public Elementary Schools including the Middle School. Our programs are currently located at the **Fiske, Hardy, Sprague, Schofield, Upham, and Bates Elementary Schools**. Children who attend Hunnewell are transported by bus to neighboring schools. The locations of our programs give children the opportunity to get to know peers from other schools.

WCCC teachers are a highly qualified and talented group of professionals. Each member of our staff has experience working with children and a strong commitment to providing quality after school care. They bring their own experiences and talents in arts, music, sports and more to curriculum planning which make our programs unique and diverse.
