

# HALLOWEEN CANDY DRIVE

## MAKE A DIFFERENCE NOW Donate Your Halloween Candy!

The B Fund will donate \$.25\* to Boston Children's Hospital and Team Impact for each piece of candy donated from a child's trick-or-treat bag! (\*up to \$25,000)

Take TWO easy steps and share something sweet with an individual caring for a critically ill child.

- ✓ Select and inspect your candy to ensure it is safe. Grab a Ziploc bag and place no more than 20 pieces of candy in the bag.
- ✓ Decorate and sign the 2017 HCD card we have provided you and place it inside the candy bag. Once complete, deliver your bag to school. The designated box for candy collection will be outside the main office.

**NOVEMBER 6th - 8th**

The B Fund's mission is to educate and empower individuals to use their time, talents and treasures to raise awareness and funds for families caring for critically ill children. Using its unique curriculum, The B Fund's programs are designed to highlight the impact of single and collective acts of kindness. Activities are designed to grow a culture of caring, while providing meaningful experiences for children and their families. All proceeds are donated locally, to provide financial and emotional support for families caring for critically ill children.
