

Summer Math Menu

For Entering 1st Graders

Keep math skills and concepts fresh this summer by choosing activities from the matrix below. We encourage students to complete as many activities as possible and to have fun thinking and working out problems

<p>Count the number of doors where you live.</p> <p>Now count the number of windows where you live.</p> <p>Which is more?</p>	<p>Ask someone in your family to say a number between 0 and 100. Start at that number and count up to 100.</p> <p>Try it from another number!</p>	<p>Grab a handful of dry pasta (or other small objects).</p> <p>About how many did you grab? Now count to see how many you were able to grab.</p>	<p>Circle the number that is more:</p> <p style="text-align: center;">7 5</p> <p>How much more?</p>	<p>On a piece of paper, write the numbers from zero to twenty.</p> <p>Count forward and then backward using your numbers.</p>
<p>Ask an adult to choose an object.</p> <p>Can you find something that is heavier? Lighter? Longer? Shorter?</p>	<p>Circle the number that is less:</p> <p style="text-align: center;">8 4</p> <p>How much less?</p>	<p>Play a card game:</p> <p>Each player gets 2 cards. Add or subtract the numbers, and the person with the higher answer gets the cards.</p> <p>Use cards Ace through five. Aces equal 1.</p>	<p>Count out loud for an adult from 50 to 100.</p>	<p>How many steps from your room to the kitchen?</p> <p>How many giant steps?</p> <p>How many hops?</p>
<p>Count by tens to one hundred.</p>	<p>Circle the one that is heavier.</p> <p style="text-align: center;">Child Parent</p>	<p>I had 2 shells. I found 3 more in the sand. How many shells do I have now?</p>	<p>Kim has 6 berries. How many more does she need to make 10?</p>	<p>As you walk or ride in the car, try to find the numbers 1, 2, 3,... in order. How high can you go?</p>
<p>Sort your toys with an adult.</p> <p>How did you sort them?</p>	<p>Get a spoon and a cup.</p> <ul style="list-style-type: none"> ● Put the spoon behind the cup. ● Put the spoon in front of the cup. ● Put the spoon next to the cup. 	<p>What numbers are missing?</p> <p style="text-align: center;">5 + ___ = 10 3 + ___ = 10 8 + ___ = 10 1 + ___ = 10 6 + ___ = 10</p>	<p>Find different sizes of bowls in your kitchen.</p> <p>Which one holds more? Less?</p> <p>Test it out.</p>	<p>Jump 3 times:</p> <ul style="list-style-type: none"> ● like a bunny ● like a frog ● like a child <p>Which jump was the shortest? Which jump was the longest?</p>
