

Hello!

Welcome to 3rd grade! We're so excited that we'll be working together this year. We can't wait to learn all about you as a student and a person. We'll do lots of great things together this year as we explore Massachusetts, weather, butterflies, fractions, and lots of interesting projects. We have iPads in 3rd grade so we'll do a lot with technology too.

We've been reading some great books this summer and we hope you have too. Remember to keep track of your reading this summer. We're headed off to Wellesley Books later this summer to pick out some new books for our classrooms. During the first few days of school we would like to share and discuss some of the different books you read during your summer vacation. Also remember to practice your math facts and try some fun math activities to keep your mind sharp over the summer.

We are looking forward to a wonderful school year and getting to know all of you. Please review the supply list that will tell you what you will need during the first week of school. Enjoy the rest of your summer!

Sincerely,

Ms. Fiore fiorek@wellesleyps.org

Mrs. Lundbohn lundbohnj@wellesleyps.org
