- Meet weekly with my Wellesley High School advisor with my up-to-date journal
- Maintain a daily log/journal; each entry at least 50 words
- Maintain a daily Time Chart with daily signatures from my On-Site Advisor
- Complete community service component before Senior Project Presentation Night
- Write a senior paper according to the specifications of my English teacher
- Attend all classes in which I am staying enrolled
- Complete all agreed-upon course requirements in other classes
- Create a display and attend the Senior Project Presentation night **May 21, 2020**
- Write a thoughtful double-spaced, 500 word typed self-evaluation of the personal project at the end of the project **May 21, 2020**
- Submit personal journal **May 21, 2020**
- Submit Time Chart on **May 21, 2020**

I understand/agree the time allotted for Senior Projects will **NOT** be used for personal or family vacation. I realize that failure to comply with any or all of these requirements puts at risk my credits for the Senior project (6.0 credits for a full project; 3.0 credits for a partial project) and *possibly jeopardizes my college acceptance and/or my graduation from Wellesley High School*. I further realize that failure to meet these requirements *could result in my return to all of my classes where I would be expected to make-up all missed course work*.
