SECTION 1: GENERAL INFORMATION

1. OVERVIEW

This is a **Request for Proposal (RFP)** issued by the Wellesley Public Schools to conduct its **Safer Teachers, Safer Students: SARS-CoV-2 Testing Pilot Program**.

In an effort to provide empirical evidence of the number of SARS-CoV-2 cases in our public schools and potentially reduce fear, we would like to implement a comprehensive and coordinated infrastructure for testing PreK - 12 school aged children and staff (and close contacts of confirmed cases). This testing program will greatly assist with identifying those who are infected with SARS-CoV-2 by providing rapid notification to districts, such that districts can isolate individuals and reduce transmission. Expedient testing of symptomatic individuals will also facilitate the return to school (and ability to stay in school) for children and staff who do not have COVID-19, thereby preserving the workforce.

Wellesley has joined a collaborative that includes 4 other towns (Brookline, Somerville, Revere and Chelsea), with each town proposing a 3-month SARS-CoV-2 Testing Pilot Program in each town of weekly COVID testing (PCR-based) for students and staff with rapid results (ideally within 24 hours) to support school reopening. This Request for Proposals specifically pertains to the proposed pilot program for the Town of Wellesley.

Wellesley Public Schools is a public school district with pre-kindergarten (PreK) through grade 12. As of fall 2020, the district includes one (1) pre-school facility, seven (7) elementary schools, one (1) middle school, and one (1) high school totaling approximately 4,800 students and 1,200 staff across all schools.

The Town is an affirmative action/equal opportunity employer and encourages participation from certified minority and women-owned businesses in this RFP. The Town may cancel this RFP or reject in whole or in part any and all proposals, if the Town determines that cancellation or rejection serves the best interests of the Town.

2. AVAILABILITY OF PROPOSAL DOCUMENTS

Proposal documents will be made available beginning **August 28, 2020 at 12:00 PM E.S.T.** by the following means:

- a) By e-mail to schoolbids@wellesleyma.gov, or

Proposal documents will be e-mailed unless delivery via U.S. Mail is specified by the requestor. Proposers shall use complete sets of proposal documents in preparing proposals. The Town will not assume any responsibility for errors or misinterpretations resulting from the use of incomplete sets of proposal documents.

The Town, in making copies of the proposal documents available, does so only for the purpose of obtaining proposals on the work of this RFP, and does not expressly or impliedly confer a license or permission of any kind to any person for any other use thereof.

4. ADDENDA AND INTERPRETATION

Prior to the opening of proposals, no interpretation of the meaning of the proposal documents will be made to any proposal orally. Any apparent inconsistencies or any matter seeming to require explanation or interpretation in this RFP, must be inquired into in writing and addressed to Cynthia D. Mahr at schoolbids@wellesleyma.gov. No requests will be accepted beyond **September 8, 2020 at 9:00 AM E.S.T.**

Written addenda will be e-mailed to all parties who, according to the Town's records, have obtained or requested proposal documents and have furnished an e-mail address for such purposes. Absence of "failure" messages electronically transmitted from addressee's e-mail address will serve as confirmation of delivery of addenda.

Copies of addenda will be made available for inspection at all locations where proposal documents are on file for that purpose and will be available at the WPS Business Office at 40 Kingsbury Street, Wellesley, MA 02481. Each proposer shall be responsible for determining that it has received all addenda issued and shall acknowledge receipt of all addenda on its Cover Sheet, and failure of any proposer to receive any addendum shall not relieve such proposer from any obligation under its proposal as submitted. All addenda so issued shall become part of the proposal documents.

All addenda will be posted by **September 3, 2020 at 9:00 AM E.S.T.** Proposer should contact Cynthia Mahr via e-mail (schoolbids@wellesleymsd.gov) or phone (781-446-6210 ext. 5611) if they believe an addendum has not been received.

SECTION 5 – PROJECT SPECIFICATIONS

1. SCOPE OF SERVICES

We are interested in implementing a 3-month pilot program of weekly COVID testing for students, staff and contacts of positive cases with results within 24 hours.

The pilot program would consist of:

- Symptomatic Testing and Contacts:** In-town testing for symptomatic individuals and contacts. This will occur at a specified location and provide rapid results ideally within 24 hours. This will be critical during the upcoming flu season so as to distinguish COVID-19 from flu and other illnesses. In many cases, this testing will be covered by insurance and therefore we seek a vendor that can appropriately bill insurance providers. While we do not have exact numbers given the uncertainty ahead, we believe this may be approximately 2,000 tests over the 3-month period for the Town of Wellesley.
- Time Zero Benchmark Testing:** One-time testing of staff and students prior to in-person return to buildings. This would include testing approximately 5,500 students, WPS staff and town employees with results returned before October 1.

- **Assurance Testing for Staff:** weekly testing for approximately 1300 members of onsite staff for the duration of the 9-week pilot. Our staff come from a wide range of towns and nearby states to come to work. Testing would help to provide assurance, both for our staff and for our parents.
- **Longitudinal Surveillance:** This would include 9-week “surveillance testing” of approximately 1,200 students weekly, to provide real time estimation of risk in buildings and provide empirical evidence of the effectiveness of our safety protocols are working or not.

Requirements:

- Testing for symptomatic individuals remains a top priority and will necessitate a separate testing process from surveillance testing of asymptomatic individuals.
- Testing will occur outside of classroom hours at a separate location so as not to disrupt the learning environment and will be available by appointment on both weekdays and weekends.
- Vendor will provide a complete solution so as not to put any burden of testing activities on Wellesley Public Schools or Wellesley Health Department. This includes the ability to provide sufficient and appropriate staff (including clinical staff), Personal Protective Equipment (PPE), ordering provider(s), testing supplies, and equipment.
- Vendor will obtain informed consent for minor children as young as PreK from their parent/guardian, as well as informed consent for adult staff who work for WPS (patient). This consent form will include language that allows the Vendor to share test results, identifiable information, and other data directly with the WPS and the Wellesley Board of Health, regardless of the state or town of residence of the adult staff or minor.
- Vendor (and any lab/subcontractor) will comply with all state and federal laws and regulations applicable to the privacy and security of personal and other confidentiality related requirements, including HIPAA. The data collected shall be entered into a HIPAA-compliant electronic record keeping system for purposes of security and applicable covered transactions, including billing. Vendor will provide WPS with its HIPAA Notice of Privacy Practices and relevant Business Associate Agreements, if applicable. The Approved HIPAA Notices of Privacy Practice will be provided to the patients.
- Vendor (and any lab or subcontractor) has secured all appropriate licenses or waivers from the Massachusetts Department of Public Health (MDPH) and other required state or federal entities to perform services under this contract.
- Once positive cases are identified, vendor will notify the individual or proxy in the case of a minor, (following HIPAA regulations), MDPH, local Board of Health, and with the appropriate consent, WPS.

1.PERFORMANCE OF SERVICES

All Services of the Consultant shall be performed by qualified personnel. The Consultant's Project team shall consist of those persons identified on page 2 of this Agreement and the Subcontractors identified on page 2 of this Agreement. The employment by the Consultant of additional Subcontractors for any of the Services shall be subject to the prior written approval of the Town. No member of the Project team shall be replaced without the consent of the Town. The Town shall have the right to require the Consultant to remove any personnel from the Project for reasonable cause. The Consultant shall perform its Services in accordance with the highest professional standards of skill, care, and diligence. Without limiting the foregoing, the Town shall have the right to require the Consultant to cease providing Services immediately upon written notice.

2.TIME

The Consultant shall perform its Services as expeditiously as is consistent with the standards of professional skill and care required hereby. The Consultant shall perform its Services in coordination with the operations of the Town at the Sites specified and with any party engaged by the Town in connection with the Project. It shall be the obligation of the Consultant to request any information necessary to be provided by the Town for the performance of the Consultant's Services. Time is of the essence of this Agreement.

3.REIMBURSABLE EXPENSES

If out-of-pocket expenses are not included in the Consultant's fee, the Town shall compensate the Consultant for reimbursable expenses actually incurred; provided, however, that reimbursable expenses shall only be eligible for reimbursement if they have been submitted in advance and approved in writing by the Town. The Consultant agrees to use reasonable efforts to minimize expenses which are reimbursable by the Town.

4.CONULTANT'S COMPENSATION

a.Time Card/Unit Price. If Services are to be provided on a Time Card/Unit Price basis, payments shall be made to the Consultant for Services performed based upon the salary or hourly rate or unit price schedule included in the Proposal or attached as **Exhibit C**. Compensation for services performed by authorized Subcontractors shall be on the basis of the actual costs to the Consultant unless otherwise specified herein or in the Proposal. The Consultant shall use his best efforts to complete the performance of his Services within the Estimated Amount set forth on the first page of this Agreement. The Consultant shall advise the Town at such time as the Estimated Amount has been reached. The Town shall not be obligated to pay for any amount in excess of the Estimated Amount, unless the Town gives the Consultant a written notice authorizing the further performance of Services and the incurring of additional costs for such Services.

b.No Compensation for Certain Services.Neither the Consultant nor any of its Subcontractors shall be compensated for any services involved in preparing changes that are required for additional

work that should have been anticipated by the Consultant in the preparation of construction documents or other work products, as reasonably determined by the executive head of the Town, nor for any services made necessary by the fault or negligence of the Consultant or its Subcontractors.

c.Subject to Appropriation.The obligations of the Town hereunder shall be subject to appropriation on a fiscal year basis. In the absence of appropriation, this agreement shall be terminated immediately without liability of the Town for damages, lost profits, penalties, or other charges arising from early termination.

5.PAYMENT

The Consultant shall submit, not more often than monthly, statements for fees for Services rendered and reimbursable expenses (stated separately) incurred. The Consultant's statements shall include a description of the Services performed for the period in question with a progress report, and shall be in such form and detail and with such supporting data as the Town may reasonably require to show the computational basis for all charges (including reimbursable expenses), including a statement explaining any substantial deviation from the Consultant's anticipated work schedule, staffing plan and costs. Payment shall be due within thirty (30) days after the Town receives a proper statement. In no event shall the Town be liable for interest, penalties, expenses or attorney's fees. No payment made hereunder shall constitute or be construed as final acceptance or approval of that part of the Services to which such payment relates or relieve the Consultant of any of its obligations hereunder with respect thereto.

6.CONSULTANT'S ACCOUNTING RECORDS

The Consultant shall keep records pertaining to Services performed (including complete and detailed time records) and reimbursable expenses incurred, employing sound bookkeeping practices and in accordance with generally accepted accounting principles. All records pertaining to Services performed on a time card or unit price basis and reimbursable expenses shall be available to the Town or its authorized representatives for review and audit during normal business hours.

7.REPORTS, DRAWINGS, ETC.

All reports, drawings, plans and other data and material, including computer programs and other material in electronic media (collectively, "Materials") furnished to the Town shall become the Town's property and may be used by the Town (or such parties as the Town may designate) thereafter in such manner and for such purposes as the Town (or such parties as the Town may designate) may deem advisable, without further employment of or additional compensation to the Consultant. The Consultant shall not release or disclose to any third party any Materials produced for the Town without obtaining the Town's prior written consent. At no time shall the Consultant release or disclose to any third party any Materials furnished to the Consultant by the Town in connection with the performance of the Consultant's Services. Upon the expiration or termination of this Agreement for any reason, all Materials and other work product that have been accumulated, developed or prepared by the Consultant (whether completed or in process) shall become property of the Town and the Consultant shall immediately deliver or otherwise make available such Materials to the Town.

In the event that any policy is cancelled or amended, the Consultant shall immediately provide notice to the Town and take all steps necessary to reinstate such policy to conform to the requirements of this Agreement. The insurance provided under clause a, d and e, above, shall name the Town and such other parties as the Town shall require as "Additional Insured" parties. Appendix B SCOPE OF SERVICES

We are interested in implementing a 3-month pilot program of weekly COVID testing for students, staff and contacts of positive cases with results within 24 hours.

The pilot program would consist of:

- Symptomatic Testing and Contacts:** In-town testing for symptomatic individuals and contacts. This will occur at a specified location and provide rapid results ideally within 24 hours. This will be critical during the upcoming flu season so as to distinguish COVID-19 from flu and other illnesses. In many cases, this testing will be covered by insurance and therefore we seek a vendor that can appropriately bill insurance providers. While we do not have exact numbers given the uncertainty ahead, we believe this may be approximately 2,000 tests over the 3-month period for the Town of Wellesley.

- Time Zero Benchmark Testing:** One-time testing of staff and students prior to in-person return to buildings. This would include testing approximately 5,500 students, WPS staff and town employees with results returned before October 1.

- Assurance Testing for Staff:** weekly testing for approximately 1300 members of onsite staff for the duration of the 9-week pilot. Our staff come from a wide range of towns and nearby states to come to work. Testing would help to provide assurance, both for our staff and for our parents.

- Longitudinal Surveillance:** This would include 9-week “surveillance testing” of approximately 1,200 students weekly, to provide real time estimation of risk in buildings and provide empirical evidence of the effectiveness of our safety protocols are working or not.

Requirements:

- Testing for symptomatic individuals remains a top priority and will necessitate a separate testing process from surveillance testing of asymptomatic individuals.
- Testing will occur outside of classroom hours at a separate location so as not to not disrupt the learning environment, and will be available by appointment on both weekdays and weekends.
- Vendor will provide a complete solution so as not to put any burden of testing activities on Wellesley Public Schools or Wellesley Health Department. This includes the ability to provide sufficient and appropriate staff (including clinical staff), Personal Protective Equipment (PPE), ordering provider(s), testing supplies, and equipment.
- Vendor will obtain informed consent for minor children as young as PreK from their parent/guardian, as well as informed consent for adult staff who work for WPS (patient). This consent form will include language that allows the Vendor to share test results, identifiable information, and other data directly with the WPS and the Wellesley Board of Health, regardless of the state or town of residence of the adult staff or minor.

Vendor (and any lab/subcontractor) will comply with all state and federal laws and regulations applicable to the privacy and security of personal and other confidentiality related requirements, including HIPAA. The data collected shall be entered into a HIPAA-compliant electronic record keeping system for purposes of security and applicable covered transactions, including billing.

Vendor will provide WPS with its HIPAA Notice of Privacy Practices and relevant Business Associate Agreements, if applicable. The Approved HIPAA Notices of Privacy Practice will be provided to the patients.

- Vendor (and any lab or subcontractor) has secured all appropriate licenses or waivers from the Massachusetts Department of Public Health (MDPH) and other required state or federal entities to perform services under this contract.
- Once positive cases are identified, vendor will notify the individual or proxy in the case of a minor, (following HIPAA regulations), MDPH, local Board of Health, and with the appropriate consent, WPS.
