Re: RFP Questions (Addendum 1)

I have received a single question related to the bid document. Below are the questions and answers:

1. Is WPS amenable to school-based testing of asymptomatic students and staff.
Answer: Yes, the RFP originally included testing for symptomatic and asymptomatic cases. The changes below reflect our current needs – asymptomatic only.

In addition to the question above, there have been several revisions to the RFP document. A revised RFP has been posted/included in the email. Below is a list of sections with modifications:

Section 1: Overview
Section 5: Project Specifications
Scope of Services
Roles and Responsibilities
Estimated Testing Volume Range by Week
Key Deliverables
Deliverable 1
Deliverable 2
Deliverable 4
Deliverable 5
Section 6: Product and Performance Terms
Vendor Evaluation Criteria
Comparative Evaluation Criteria
Form B: Price Proposal Form
Appendix B: Scope of Services

I have received and read the addendum #1:

Bidder

Date

*****Note: A signed Addendum is required as part of the bid submission.**
